Emerald CX®

Cut-Resistant Kevlar®/Steel Winter Glove with PVC Palm

TouchScreen compatible.

EN511 12X

#SCXTAPVC

From our Emerald CX® cut-resistant series, these gloves are warm, cut-resistant and flexible. This 13-gauge string-knit glove features a blended Kevlar®/Steel outer—meaning unrivalled cut protection in a dexterous, comfortable glove. Lined in warm and comfortable acrylic terry, hands stay warm when working in cold conditions, without a loss in dexterity. Palms are coated in a crinkle-grip PVC that's specially formulated to stay flexible even in colder temperatures, for a grip that's outstanding, wet or dry.
