As per the Canadian Centre for Occupational Health and Safety, every material that is controlled by WHIMIS must have an accompanying SDS that is specific to each individual product.

WASIP Ltd. has determined that the Eyewash is not controlled by WHIMIS as none of the ingredients (raw materials) used in the Eyewash are hazardous.

The active ingredient of the Eyewash is 98.3% Purified Water which is non Hazardous.

Hence the requirement for SDS does not apply to WASIP Ltd. Eyewash.

Should you require any further information about WASIP Ltd. Eyewash, please contact your customer service representative or visit our website at info@wasip.com.

Consequently no SDS will be created for WASIP Ltd. Eyewash.
