Re: **Hairnets and Bouffant Caps**

This is in reference to your request concerning the use of the above hairnets and bouffant caps in a food plant.

Based on the submitted information and given the fact that these products are not intended to come in contact with food products. Therefore these hairnets and bouffant caps are exempt from evaluation by this program.

I trust the above is in keeping with your request.

Yours truly,

J.J. Donald
Technical Program Officer
Non-Food Chemicals & Container Integrity
Policy, Planning & Coordination Directorate
Science Division
