IMPACTO® BLACKMAXX

Vibration Reducing Glove

Economical solution to vibration protection. Nylon/cotton knitted material ensures stretch and breathability. Palm coated with "pods" of lightweight cellular Chloroprene. This design combination ensures extreme comfort.

The **BLACKMAXX** vibration reducing gloves use encapsulated air to cushion and dampen vibration, giving the user optimum dexterity with a lightweight feel and reduced bunching.

The vibration reducing gloves absorb and dissipate some of the vibration emitted from pneumatic and impact tools, helping to minimize fatigue to the hands, arms, and shoulders.

#4731 - Medium
#4732 - Large
#4733 - XLarge
Sold per pair
